

Dear Parents,

On Thursday, February 15th, we will be celebrating National School Resource Officer (SRO) Appreciation Day. We are sincerely grateful for our SRO Bowdie Malan from the Weber County Sherriff Office, and everything they do to keep our school safe! Weber School District contracts with six different law enforcement agencies that provide officers at all of our secondary schools. These officers also help cover our elementary schools.

In partnership with law enforcement, our school uses the Standard Response Protocol (SRP) to respond to safety concerns and emergency situations. We also practice these protocols by conducting emergency drills throughout the school year. For your reference, I've attached a handout that explains the different protocols we use. Please take a few minutes to familiarize yourself with the SRP.

Sincerely,

Tana Chipp
